Approve the NVFD going out to bid for the purchase of new fire truck

NVFD Chief, Brian Hutchins, distributed copies of the detailed specifications for the bidders. This new truck will be replacing the 31-year-old pumper truck that is now running into expensive maintenance and parts issues. The new truck will also take some burden off the 2009 Seagrave truck, giving it a longer lifespan. Much discussion centered on the bid, timelines, pricing and financing.

MOTION S. Evans to approve the NVFD going out to bid for a new fire truck.
Second L. Colwell. Carried unanimously.

MOTION S. Evans to adjourn at 4:55 p.m. Second L. Colwell. Carried unanimously.

Respectfully submitted,

Barbara Gomez, Secretary
